

CASA Commission Information

South Dakota Legislators passed legislation in 2003 to create a CASA Commission fund to support CASA programs within the state (SDCL 16-2-51, 16-2-52, 23-3-52 & 23-3-53). CASA programs receive funds through a grant process, overseen by the SD CASA Commission. Grant applications are due by April 1 of each year; the CASA Commission meets in May of each year to hear grant presentations and distribute funds.

In 2006, the U.S. Department of Health and Human Services, Administration for Children and Families announced funding for two additional Court Improvement Programs, Training and Data Collection and Analysis.

Next CASA Commission Meeting is May 4, 2010
